## KIDS - SIGN UP TO PRESENT!

3 Simple Steps (Group Presentations Welcome!)

### Create A Project

Check out our site  
for 100's of ideas

Experiment with Science!

If you are having trouble  
getting started, sign up to  
receive help from an SSS  
Volunteer on our website,  
who will reach out to guide  
you through a cool project.

### Record

Have a Family-Member  
Film You & Your Work

Record yourself as you take  
us through your project. Aim  
to keep your video to 5  
minutes or less.

There is no expectation of  
any editing after you record,  
but of course you are  
welcome to if you want!

### Upload to

**SuperScienceSaturday.org**

Title your project, provide a  
brief description and we'll  
choose a thumbnail and  
feature it in the student  
section for hundreds of  
other students to check-out  
on our website all month.
