

SCHOOL PICTURE DAY IS COMING UP!

Monday, September 21st (Group A)
Thursday, September 24th (Group B)

Rod Bolton of “Rod Bolten Photography” in Midland Park is our chosen school photographer. As all other school activities of 2020/2021, school photos will look a little different this year. We will be individually photographing children outside and class photos this year will be composites due to social distancing guidelines. I am also thrilled to announce that **photo ordering will be online only this year**. The link to the ordering website will be shared when your child’s photos are ready.

If your child is attending classes in person, they will be photographed during their designated school day. If your child has opted for remote learning, please sign up for a date and time to have your child photographed. If you are not able to make these times and you still want to have your child photographed, please reach out to me directly. We will figure something out.
